H · V · LAWRENCE · Cape Cod Nurseries FALMOUTH · MASSACHUSETTS

Nold road winding as old roads will,

Down to the salt-marsh, and on to the hill,

Then by the sea where the pitch-pine bends.

A Cape Cod road that never ends—

Cape Cod Landscapes

When Gosnold in 1607 landed in what is now Falmouth, he is said to have described it in these words:

"It is replenised with fair fields, and in them fragrant flowers; also meadows, and hedged in with stately groves; being furnished also with pleasant brooks and beautified with two main rivers that (as we judge) may haply become good harbors."

Most of that natural beauty of the days of the early settlers remains unspoiled today. The fragrant Bayberry and the fruitful Beach Plum still thrive at the edge of the beachgrass. Picturesque pines frame vistas of marshes, dunes and sea. Clear inland ponds reflect oak and cedar, maple and alder.

The hand of man has added the elm-arched lanes and high-ways, many stately Colonial homes, and numberless delightful Cape Cod cottages, buttressed with lilacs, gay with holly-hocks and climbing roses. And in later years have come many hundreds of summer residents to share the Peace of Old Cape Cod.

Cape Cod and the South Shore are blessed with a year-round mildness of climate favorable to a wider range of hardy plants than can be found in any other section of New England. There's a pride of ownership here, too, that leads each one who lives here to have his own bit of well kept shaded lawn, his own garden spot, be it large or small.

For fifty years it has been our pleasant business to supply a fair share of the materials, the labor, and the experienced skill required in the improvement of hundreds of home grounds on and near Cape Cod. In the hope that we may help you, this rather different type of catalogue is placed in your hands. Whatever your horticultural needs, we shall be glad to fill them for you.

At Minuce

SOME OF THE NEWER HARDY FLOWERS

Alert flower lovers who are on the watch for new materials for the garden will find many items of interest in this list. All of them have been tested and found desirable under the exacting conditions of the Cape.

Aster Frikarti

Wonder of Stafa, Late July till frost. Wistaria-blue flowers. 2-2½ ft. high. 50 cts. each; \$5.00 per dozen.

New Dwarf Asters

This new type of Hardy Aster is one of the most valuable of introductions of recent years. Rarely a foot high, they are covered with gaily colored flowers in late summer, when other plants are out of bloom.

All Dwarf Asters listed are 30 cts. each; \$3.00 per doz.

Countess of Dudley. Pink livened with a bright yellow eye.

Daphne. Soft pink flowers cover the plant. Lady Henry Maddocks. Pale pink.

Snow Sprite. Large, nearly double white. Victor. Pale lavender-blue. Six to eight in.

Gaillardia — Sun-God

A new Gaillardia with clear golden yellow flowers. The huge blooms are borne on twofoot stems, excellent for cutting. The freeflowering plants commence to bloom in June and continue throughout the summer. Potted plants 50 cts. each; \$5.00 per doz.

Helenium

Moerheim Beauty. Grows $2\frac{1}{2}$ ft. high. Blooms in early August. Strong habit. Broad bronzy red ray florets shading to orange at the tips.

Nanum luteum. 2½ ft. Bold masses of golden yellow flowers in early August. Free flowering.

Above two varieties from pots 35 cts. each; \$3.50 per doz.

Hybrid Hemerocallis

New varieties of this standby of the oldfashioned garden extend the season by a month or more and add several new shades. Absolutely hardy and blooming dependably year after year; we recommend these hybrids with confidence.

All varieties listed are priced at \$1.00 each; \$10.00 per doz.

Anna Betscher. Rich golden-yellow. July. Framingham. Deep orange, medium sized flowers. June-July.

Goldeni. Luminous golden orange. July-Aug.

Iris Perry. Bronzy-orange late June.

Lemona. Pale lemon flowers. July-Aug. Margaret Perry. Orange-scarlet with each petal center-striped in yellow. Free blooming. July-Aug. Mrs. W. H. Wyman. Pale yellow. August.

Hybrid Korean Chrysanthemums

An entirely new type of Chrysanthemum beauty has been developed in these hybrids of the wild Korean Chrysanthemum with the familiar garden varieties. From the wild parent they inherit a ruggedness and early blooming characteristic which make them especially valuable in the exposed conditions of the Cape.

All Korean Hybrids are 35 cents each; \$3.50 a dozen

Apollo. Brilliant combination of orange and buff.

Ceres. Corn yellow and buff in pastel tints. **Daphne.** Salmon-pink, the first Chrysanthemum of this shade.

Diana. Semi-double flowers varying from pink to rose.

Hebe. Luminous pink changing to lavender-

pink. Very early.

Innocence. Pure white flowers changing to soft pink. Dwarf.

Mars. Velvety-amaranth red flowers of larger size than usual.

Orion. Brilliant canary-yellow. A lively color new to this class.

Vulcan. A glowing carmine-red; appealing fragrance.

Phlox — Three New Varieties

We are pleased to call your attention to three new worth-while varieties of this old and popular perennial. The rich coloring and large size make them outstanding among the introductions of the last few years.

The price of these varieties is 50 cts. each; \$5.00 per doz.

A distinctive clear pink; large Columbia. flowers.

Daily Sketch. Exceptionally large flowers of a rich glowing pink.

Tigress. Outstanding novelty with immense trusses of a brilliant orange-scarlet. Vigorous, upright grower.

Stokesia lilacina grandiflora

The attractive lilac-blue flowers are often five inches across. The eighteen inch stems make it an ideal cut flower. 35 cts. each; \$3.50 per doz.

The keeper of Nauset Light told Ralph Waldo Emerson that a new lighthouse was badly needed, but as it would interfere with the wrecking business there was considerable objection to the project.

SELECTED HARDY PLANTS

for year-in year-out bloom

Hardy perennials, those dependable plants which give the garden picture color from early spring to frost, increase in beauty from year to year. In this list you will find many of the most desirable varieties, or we shall be pleased to help you make a selection for any particular type of garden you may plan to have. Many other desirable Perennials will be found in the general listing on Pages 7 and 8.

Aconitum — Monkshood

Aconitum autumnale, *Monkshood.* Spikes of deep blue flowers.

A. napellus. Tall, dark blue variety.

A. napellus bicolor. The flower hoods are variegated, blue and white.

All Monkshoods are 30 cts. each; \$3.00 per doz.

Aquilegia — Columbine

Aquilegia. Long spurred Hybrids. Mixed and separate colors, 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

A. var. Crimson Star. Deep rich red, 35 cts. each; \$3.50 per doz.

Aster

Aster amellus. King George. Dwarf, early flowering, pale-lavender-blue blooms.

A. Queen Mary. Large, rich blue flowers.

A. Skylands Queen. Deep blue lavender.
A. hybridus luteus. Small bright yellow flowers in clusters.

These Asters 30 cts, each; \$3,00 per doz.

Astilbe Hybrids — Spirea

Avalanche. Long spikes of pure white flowers.

Margaret Van Rechteren. A tall variety with brilliant lilac-red spikes.

Peach Blossom. A delicate pink.

Prof. van der Wielen. Vigorous variety with white blooms.

Queen Alexandra. Long sprays of clear pink. Outstanding.

Astilbes are 30 cts. each; \$3.00 per doz.

Ceratostigma — Leadwort

Ceratostigma plumbaginoides, Blue Leadwort. A dwarf spreading plant much used in rockeries. Brilliant blue, late Aug.-Sept. 30 cts. each; \$3.00 per doz.

Convallaria — Lily-of-the-Valley

Convallaria majalis, Lily-of-the-Valley. The well-known plant which serves so admirably as a ground cover in shaded spots. Clumps 50 cts. each; \$5.00 per doz.

Delphinium — Larkspur

Delphinium Hybrids. An excellent strain from the finest named varieties. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Dianthus — Pinks

Bristol Jewel. Semi-double white flowers with a crimson eye. Blooms from June 'til frost.

Bristol Maid. Double rose-pink flowers with touches of lavender. Delightfully clove scented.

Bristol Purity. Pure white double flowers. Very free flowering.

All these pinks are 30 cts. each; \$3.00 per doz.

Dicentra — Bleeding Heart

Dicentra spectablis, Bleeding Heart. Graceful sprays of pink and white flowers. 40 cts. each.

Gypsophila — Baby's Breath

Bristol Fairy. Pure white flowers all through the summer, splendid for mixing with other cut flowers. 40 cts. each; \$4.00 per doz.

Hosta — Day-Lily

Hosta plantaginea, Big Plantainlily. Glossy green leaves and white flowers. Aug. 35 cts. each; \$3.50 per doz.

Iris kaempferi — Japanese Iris

This class of Iris which blooms in late June and July is valuable for Cape Cod gardens. The multi-hued flowers are often six or eight inches across and many of them have six or nine petals. They do well in almost any soil, but will give exceptional growth when planted in a moist spot.

All Japanese Iris are priced at 35 cents each; \$3.50 per doz. and \$25.00 per 100.

Blue Bell. Single, lively blue; free flowering. Catherine Perry. Double, blue overlaid with blue violet.

Gold Bound. Six petals, clear white livened by gold markings at the throat.

Peter Rabbit and all his animal friends came from a Cape Cod brier patch in Sandwich. Their creator, Thornton Burgess, nature writer, was born and reared there, and still returns for the summer months.

Kumo-no-shi. Low, white, edged with purple.

Neptune. Single, slate-blue, veined with darker blue.

Paragon. Six petals, royal purple with white

Purple and Gold. Six petals, velvety violet purple with a golden center.

Red Riding Hood. Showy three-petaled variety. Amaranth-red veined with white.

Reine des Bulgares. Single, soft lilac blue, lightly veined.

Templeton. Double, mottled white and crimson purple.

Lavendula — Lavender

Lavendula officinalis, Sweet Lavender. Fragrant lavender flowers. 30 cts. each; \$3.00 per doz.

Lilium — Lily

Peonies

A fine assortment of reliable popular varities:

Double flowered kinds, 75 cts. each. Single flowered kinds. \$1.00 each.

Phlox

Our general list of Phlox contains the best of those varieties which have been grown for some years. They are invaluable for late summer bloom especially near the seashore where the colors are appreciably brightened.

All these varieties are 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Enchantress. Soft salmon-pink with a darker eye.

Evelyn. Soft lively pink.

Firebrand. Brilliant red with a deep red eye. Hauptman Koehl. Immense panicles of blood-red flowers.

Leo Schlageter. Scarlet-carmine flowers with a darker center.

Miss Lingard. An early white variety with a pink eye.

Painted Lady. Silvery pink with red eye.

Rokoko. Soft pink flowers, Unusually vigor-

Salmon Glow. Clear Salmon-pink with a white eye.

Several other tried and proven Phlox are listed on page 8.

Thermopsis

Thermopsis caroliniana. Long spikes of yellow Lupin-like flowers on a splendid plant with clover-like foliage. 4 ft. Blooms in July. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Thymus — Thyme

Thymus serpyllum albus. White Thyme.
T. serpyllum citriodorus. Lemon-scented Thyme.

T. serpyllum coccineus. Crimson Thyme.
T. serpyllum lanuginosus. Wooly Thyme.

All Thymes are priced at 30 cts. each; \$3.50 per dox.; \$20.00 per 100.

Trollius — Globe-flower

Trollius ledebouri, Golden Queen. Brilliant orange-yellow flowers resembling large buttercups. Very showy. 35 cts. each; \$3.50 per doz.

Veronica — Speedwell

Veronica longifolia subsessilis. Very attractive blue flowers in August and September. A very useful plant, we recommend it. 30 cts. each; \$3.00 per doz; \$20.00 per 100.

Viola

Viola, Jersey Gem. Rich purple flowers from May to frost, a very fine edging or border plant. Flowers much larger than most violets. Needs sun. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

The bell in the meeting house at Falmouth is inscribed "The living to the church I call; and to the grave I summon all". It was cast by Paul Revere who was also a manufacturer of gunpowder, a dentist, an engraver and printer of money and a horseman.

GENERAL LIST OF HARDY PERENNIALS

This list comprises many of the commoner varieties that we grow. A brief description has been given when necessary. You will find many old favorites listed and perhaps some that are new to you. In any case we can recommend them. The price is 25 cents each; \$2.50 a dozen; \$18.00 a hundred.

Alyssum saxatile compactum, Alyssum. A. saxatile luteum.

Althaea Rosea (see Hollyhocks).

Anchusa italica Dropmore, Bugloss.

Anemone hupehensis, Windflower. pale mauve.

A. japonica alba, Japanese Anemone. Pure white.

A. japonica, Queen Charlotte. Large, semi-double pink flowers.

A. japonica, Whirlwind. Semi-double

Anthemis, Perry's variety. 2 ft., golden yellow blooms.

Aquilegia canadensis, Columbine. A. chrysantha, Golden Columbine.

Arenaria montana, Sandwort.

A. verna caespitosa, Moss Sandwort.

Artemisia lactiflora, Southernwood.

A. Silver King, an interesting Southernwood with white foliage.

Aster Blue Gem. Clear blue flowers.

A. Sam Banham. White.

A. St. Egwin. Compact growth, flowers.

Asclepias tuberosus, Butterfly Weed. Brilliant orange. July.

Aubrietia deltoides. False Wall Cress. Purple.

Baptisia australis, False Indigo. Blue pealike flowers.

Campanula carpatica, Harebell. Blue and

C. medium, Canterbury Bells. In assorted

C. persicifolia, Peach Bells. Blue and white. C. rotundifolia, Blue Bells of Scotland.

Centaurea montana. Perennial Bachelors Button. Blue and white.

Cerastium tomentosum, Snow-in-Summer. White flowers. Gray foliage.

Hardy Chrysanthemums

Crimson Splendor. Single, deep garnet. Early Bronze. Granny Scovill. Warm coral-bronze. **Grenadier.** Single crimson-red flowers.

Jean Cumming. Large pure white, double.

Jean Treadway. Pink with a red center.

Normandie. Creamy white with a yellow center. Large and double.

R. Marion Hatton. Brilliant canary yellow.

Ruth Hatton. Ivory white flowers. Yellow Gem. Button-type of clear yellow. Yellow Normandie.

Chrysanthemum coccineum, Pyrethrum. Good cut flower.

C. maximum Alaska, Shasta Daisy.

Chrysanthemum coreanum. flowers tinted with pink. Sept.-Oct.

Clematis Davidiana. Pale blue, fragrant flower heads. August.

Coreopsis grandiflora, Coreopsis.

Delphinium Belladonna Improved, Larkspur. Sky blue flowers.

Delphinium chinense. Blue or white, Dwarf, graceful.

Dianthus barbatus, Sweet William. In variety.

D. deltoides, Maiden Pink.

D. plumarius semperflorens, Scotch Pink. Mixed colors.

Dicentra eximea. Fern-leaved Bleeding Heart.

Digitalis, Foxglove. Various colors.

Echinacea purpurea, Purple Coneflower.

Echinops ritro, Globe Thistle.

Eryngium amethystinum, Sea Holly. Spiny foliage. Blue blooms.

Eupatorium coelestinum, Thoroughwort. Blue argeratum-like flower-heads.

Ferns. Many hardy varieties, including: Maidenhair, Hay-scented, Royal, Lady Fern, Sensitive Fern and Evergreen Christmas

Gaillardia grandiflora Hybrids, Blanketflower.

Helenium autumnale, Sneezeweed.

H. autumnale, Riverton Beauty. Rich lemon-yellow.

H. autumnale, Riverton Gem. cotta and yellow.

H. autumnale, Superbum. Large yellow

Heliopsis scabra zinnaeflora, Heliopsis.

Prices on the above are: 25 cents each; \$2.50 a dozen; \$18.00 a hundred.

Dennis was at one time the center of the country's salt industry. There were eightyfive evaporating plants within the town limits.

Hemerocallis dumortieri, Day Lily. Orange yellow.

H. flava. Lemon yellow.

H. middendorfi. Deep orange yellow flowers.

H. thunbergi. Lemon yellow flowers.

Heuchera Rosmondi. Coral pink bells on good stems for cutting.

H. sanguinea, Pluie de Feu. Coral red flowers.

H. sanguinea splendens. Brilliant scarlet.

Hollyhocks. Single and double, all colors.

Hosta lancifolia. Broad green leaves, lilac blooms.

Hardy Candytuft. Iberis sempervirens. White.

Inula, Golden Beauty. Bright yellow daisylike flowers. July-Aug.

German Iris

Smoky-violet and raisin-Ambassadeur. purple.

Archeveque. Red-purple and violet-purple. Candelabra. Lavender-violet and velvety purple.

Caprice. Deep rosy-red. Dalmatica. Soft lilac blue.

Her Majesty. Pinkish veined with rose.

Lent A. Williamson. Smoky lavender and purple.

Lord of June. Clear showy blue.

Prosper Laugier. Bronzy-red and purple. Queen Caterina. Tall lavender-blue. Queen of May. Pinkish toned lavender.

Rhein Nixe. White and old blue.

Liatris pycnostachya, Gay Feather. purple flowers, 4–5 ft.

L. spicata. Purple flower spikes. Plants 2-3

Limonium latifolium, Sea Lavender.

Linum perenne, *Flax*. Bright blue flowers.

Lupinus polyphyllus. Lupins. White, blue pink and Regal Hybrids.

Monarda dydima. Aromatic plants with scarlet flowers.

Nepeta mussini. Gray foliage, lavender flowers.

Nepeta, Souvenir d'Andre Chaudron. Upright growth. Bright blue.

Oenothera missouriensis. Low plant with large yellow flowers.

Oriental Poppies

Pot plants in these varieties.

Beauty of Livermoor. Dark blood red.

Fairy. Pure pale pink.

Joyce. Old Rose, one of the best.

Lulu A. Neely. Large vivid red flowers.

May Queen. Double. Red-scarlet shaded with salmon.

May Sadler. Salmon pink, 4 ft. Mrs. Perry. Salmon pink of unusual rich-

Olympia. Sprightly double orange.

Perry's White. Pure white, crimson maroon at base of petals.

Garden Phlox

Albion. Pure white with a pink eye. Beacon. Vigorous; cherry-red flowers. Boule de Feu. A rich salmon-red. Late. E. I. Farrington. Light pink, large flowers. Jeanne d'Arc. Good tall late white.

Jules Sandeau. Dwarf, large pink blooms. Julius Heurlin. Beautiful salmon-pink. Medium grower.

Maid Marian. Clear pale lavender. Mia Ruys. Dwarf, pure white flowers.

Phlox amoena, Dwarf Phlox.

Phlox subulata. Moss Pink.

Alba. Pure white.

Apple Blossom. Delicate pink. G. F. Wilson. Soft lavender.

Lilacina. Light blue. Rosea. Soft rose. Vivid. Deep glowing pink.

Platycodon grandiflorum, Balloon Flower. Blue and white.

Rosmarinus officinalis, Rosemary. Light blue flowers, gray-green foliage.

Salvia azurea grandiflora, Meadow Sage. S. azurea Pitcheri, Blue Meadow Sage.

Saxifraga McNabiana. White flowers marked with pink.

Sedum Acre, Gold Moss. Yellow rock garden variety.

album. Creeping plant with white flowers.

Sedum ellacombianum.

S. Sieboldi. Blue to coral rose foliage.

S. spectabile. Large heads of pink flowers. 18 in.

Sempervivum arachnoideum, Houseleek.

S. fimbriatum, Red Houseleek.

S. globiferum. Bright green rosettes.

S. tectorum. Bold rosettes, reddish pink flowers.

S. tectorum violaceum. Violet tinted rosettes.

Silene Schafta, Silene.

Stokesia laevis, Cornflower Aster. Blue.

Teucrium chamaedrys. Evergreen shrubby plant. Good for formal edgings.

Tunica saxifraga, Tunic flower. Grass-like leaves. Pale pink flowers.

Veronica incana, Speedwell.

V. spicata. Clear blue flowers. 2-4 ft.

Prices on the above are: 25 cents each; \$2.50 a dozen; \$18.00 a hundred.

The first light the mariners see on the trip from Europe is Highland Light. flashes its 4,500,000 candle-power beam every five seconds.

NEW AND PATENTED HYBRID TEAROSES

For garden decoration or as an ideal cut-flower it is doubtful if this class of Roses can be surpassed. The short, easily managed plants bloom from June until frost. The varieties listed represent what we consider the best of the new introductions.

Alezane (Plant Patent No. 116). The unique reddish-brown buds open into cup-shaped flowers of a rich apricot shade. Unlike most Roses of a similar shade, the color is unaffected by the rain or heat. The plants are vigorously branching, the foilage dark green and healthy. \$1.50 each; \$15.00 per doz.

Carillon (Plant Patent No. 136). A superb bedding rose of rich coral and orange. The long pointed buds are ideal for cutting. Has a splendid lateral form of growth, which continuously sends up flower buds. The fall flowers are especially lovely. \$1.25 each; \$12.50 per doz.

Countess Vandal (Plant Patent No. 38). The perfumed perfectly formed flowers are a blending of delicate copper and salmon shades. The excellent disease-resistant foliage is a perfect foil for the sprightly color. Plant, vigorous. \$1.00 each; \$10.00 per doz.

Eclipse (Plant Patent No. 172). Very long graceful buds of golden yellow, opening to large loosely formed flowers, \$1.50 each; \$15.00 per doz.

Feu Pernet Ducher (Plant Patent No. 103). The creamy buds heavily marked with orange red open into rich yellow flowers shading lighter at the edge of the petals. The flowers which are produced abundantly in the fall are darker than those earlier in the season. One of the most fragrant novelties of recent years. \$1.50 each; \$15.00 per doz.

Gloaming (Plant Patent No. 137). satiny-pink buds open to glowing pink flowers overlaid with soft amber. An ideal Rose for the cutting garden. \$1.50 each; \$15.00 per doz.

Matador (Plant Patent applied for). Large crimson-scarlet flowers on plants of medium height with rich glossy foliage. Another variety that has its loveliest flowers in the One of the best of the newcomers. \$1.50 each; \$15.00 per doz.

Rheingold (Plant Patent No. 138).

large fully double blooms are a clear golden yellow and deliciously fragrant. Free flowering from June until frost. \$1.50 each; \$15.00 per doz.

Rochester (Plant Patent No. 131). The rich

golden yellow and buff flowers are produced in good-sized clusters. The plant is strong with disease resistant foliage. Recommend-

ed. \$1.25 each; \$12.50 per doz. White Briarcliff (Plant Patent No. 108). Continuously produces pure white flowers of perfect form. The plants are medium sized and well branched. \$1.50 each; \$15.00 per doz.

Radiant Beauty (Plant Patent No. 97). A sport of the old favorite Francis Scott Key that opens its flowers better. The color is an odd shade of red. Recommended.

\$1.50 each; \$15.00 per doz.

Signora (Plant Patent No. 201). Large flowers of orange and pink tones blended with fawn. A very vigorous plant that blooms freely. \$2.00 each; \$20.00 per doz.

Texas Centennial (Plant Patent No. 162). A vigorous and colorful sport of Pres. Herbert Hoover. Vermilion-red and orange.

\$1.00 each; \$10.00 per doz.

Yosemite Patent 109. No. bushy plant of continuous blooming habit. Buds, orange-scarlet in clusters opening to medium large semi-double blooms of orange-scarlet with a suffusion of carmine on the reverse. \$1.25 each; \$12.50 per doz.

OUR FAVORITE DOZEN ROSES

One plant of each of these 12 Roses for \$7.00

After May 1 from pots, \$9.00

The plants are 2-yrs old, field-grown, fresh and full of vigor — not the dried-out, counterdamaged bushes that are commonly offered at about the same price.

Caledonia. A snowy white variety with pointed buds opening into large flowers.

Few thorns.

Edith Nellie Perkins. Salmon-pink with a

flush of orange; full, double.

Etoile de Hollande. Flowers bright red, fragrant, semi-double, and borne on long stems.

Julien Potin. Pure primrose-yellow; flowers large, double, and fragrant.

Mme. Butterfly. Salmon-flesh, with center shaded light yellow.

Mme. Edouard Herriot. Coral-red, shaded yellow and rosy scarlet; semi-double; fragrant.

Mrs. E. P. Thom. Canary-yellow, slightly darker on outside of petals. Free blooming.

President Herbert Hoover. Orange-yellow, tinted with red and copper.

A beautiful and popular pink Radiance. Rose which blooms continuously.

Red Radiance. Clear red. In every way a companion to Radiance.

Talisman. Golden yellow, copper, and scarlet. Many fragrant flowers.

Ville de Paris. Yellow with tinge of orange.

full, double blooms.

In 1649 Patrick Butler walked from Harwich to Boston to secure the Act of Incorporation of the Cape town which was set off from Eastham at the time.

A DEPENDABLE LIST OF SELECTED ROSES

75 cts. each; \$7.50 per doz.; \$60.00 per 100 After May 1 from pots, \$1.00 each; \$10.00 per doz.; \$75.00 per 100

Varieties of Hybrid Teas and Hybrid Perpetuals which have won a deserved popularity compose the following list.

American Beauty. Flowers crimson-carmine, shaded Neyron rose; intensely fragrant.

Autumn. Bud medium size, burnt-orange; flower burnt-orange, streaked with red.

Betty Uprichard. Extremely fragrant, salmon-pink flowers, reverse carmine with coppery sheen.

Briarcliff. Deep rose-pink at center, passing to lighter pink on outer petals; moderately

fragrant.

Caledonia. See opposite page.
Columbia. Extra-large flowers of glistening rose-pink. Vigorous growing.

Dame Edith Helen. Pure glowing pink; intensely fragrant. Hardy.

Dorothy Page-Roberts. Flowers glistening coppery pink, suffused with yellow, slightly fragrant.

Duchess of Wellington. Pale buff-yellow with slight tinge of pink; free bloomer.

Edel. Sweetly fragrant white blooms with the faintest ivory shading toward base. Vigorous grower.

Edith Nellie Perkins. (See opposite page). **Etoile de Hollande.** Bright red flowers borne singly on long, strong stems; very fragrant.

Frau Karl Druschki. Snow-white flowers, sometimes light pink blush at center.

Georg Arends. Large, delicate pink flowers,

borne on long, strong stems.

Golden Dawn. Large Golden buds stained with red. Fragrant.

Golden Ophelia. Creamy yellow sport of the old time favorite.

Gruss an Teplitz. Dark velvety scarlet, edges of petals sometimes marked dark garnet; intensely fragrant.

Independence Day. Sunflower-gold, stained with flame-color, overlaying orange-apricot.

Joanna Hill. Large deep yellow flowers, borne singly on long, strong stems.

Julien Potin. (See opposite page).

Kaiserin Auguste Viktoria. Cream-white buds opening into snowy white flowers with slight lemon tint at center.

ady Forteviot, Deep golden yellow, flushed apricot. Sweetly scented. Me-Forteviot, dium grower.

Lady Margaret Stewart. Deep buttercupyellow, flushed orange and red, fading to cadmium-orange; extremely fragrant.

Los Angeles. Coral-pink toned with coral and shaded with translucent gold at base of petals; extremely fragrant.

Margaret McGredy. Large orange-scarlet blooms. Vigorous grower and continuous

bloomer.

McGredy's Ivory. Delicate creamy white that merges into a yellow base. Profuse bloomer.

Mevrouw G. A. van Rossem. Flamed and shaded orange and apricot on a dark golden yellow ground. Abundant bloomer.

Miss Rowena Thom. Fiery rose and old-gold flowers; double. Very vigorous grower.

Mme, Albert Barbier, Hybrid perpetual. Soft fawn yellow, paling to white. Almost everblooming.

Mme Butterfly. (See opposite page).

Mme. Edouard Herriot. (See opposite page). Mrs. Aaron Ward. Indian-yellow, occasionally washed with salmon; moderately fragrant.

Mrs. Charles Bell. Shell-pink, with shadings

of soft salmon.

Mrs. E. P. Thom. (See opposite page).

Mrs. Henry Morse. Flesh-cream ground, with a sheen of bright rose, clear vermilion veining on petals.

Mrs, Lovell Swisher, Salmon-pink and gold, passing to flesh pink at the edges. Strong grower and free bloomer.

Mrs. Pierre S. duPont. Deep golden yellow;

moderately fragrant; very lasting.

Olympiad. Pure crimson, with a golden base to the petals which lights up the entire flower; slightly fragrant.

Ophelia. Salmon-flesh, center shaded light yellow at base of petals. Vigorous grower; abundant bloomer.

President Herbert Hoover. (See opposite page).

Prince Camille de Rohan, Hybrid per-Dark crimson flowers, shaded petual. blackish-maroon.

Radiance. (See opposite page).

Red Radiance. (See opposite page).

Yellow with red Rev. F. Page-Roberts. shadings; intensely fragrant.

Roselandia. Golden yellow flowers; fruity fragrance. Free bloomer.

Souv. de Claudius Pernet. Pure sunflower-

yellow blooms borne singly on long, strong stems. Profuse bloomer all season.

Talisman. (See opposite page). Ville de Paris. (See opposite page).

Ulrich Brunner. Geranium-red, passing to cochineal-carmine; intensely fragrant.

Wilhelm Kordes. Rich salmon and orange shades.

Seventy-five years ago nearly every village on Cape Cod had a general store bearing the usual board sign with the inscription "West Indies Goods". This meant that the good women of the town could purchase molasses at the place and the men would find rum.

NEW AND PATENTED CLIMBING ROSES

Each succeeding year brings new and better Climbing Roses — larger flowers — more fragrance, and most important of all greater freedom from disease. Six recent introductions adaptable to Cape conditions are listed here.

Blaze (Plant Patent No. 10). Brilliant scarlet flowers in large clusters continuously throughout the season on established plants. A vigorous variety. \$1.00 each; \$10.00 per doz.

Doubloons (Plant Patent No. 152). A new, perfectly hardy, yellow Climbing Rose. The semi-double, richly colored flowers do not fade — a decidedly worth-while variety. \$1.50 each; \$15.00 per doz.

\$1.50 each; \$15.00 per doz.

Easlea's Golden Rambler (Plant Patent No. 114). Deliciously fragrant, golden yellow flowers are borne in large trusses. It

is very popular with those who have tried it. \$1.50 each; \$15.00 per doz.

Golden Climber (Mrs. Arthur Curtis James) (Plant Patent No. 28). Rich, gold colored blooms with splashes of orange scarlet, produced singly on stems often over 18 ins. long, of Hybrid Tea shape and fragrance. \$1.00 each; \$10.00 per doz.

Mermaid. Very large, single ivory-white flowers, illuminated by a large cluster of golden stamens. A continuous bloomer. \$1.25 each; \$12.50 per doz.

New Dawn (Plant Patent No. 1). An everblooming sport of the well-known Dr. Van Fleet. Pale pink flowers, delicately scented, are produced throughout the season. Glossy green foliage, little troubled by insects. Dependable, \$1.50 each; \$15.00 per doz.

t t t

Popular Climbing Roses

75 cts. each; \$7.50 per doz.; \$50.00 per 100, except as noted

American Pillar. Brilliant crimson-pink, with white center and yellow stamens.

Climbing American Beauty. Brilliant carmine flower, sweetly fragrant.

Dorothy Perkins. Brilliant shell-pink. Dr. W. Van Fleet. Pale pink flowers.

Excelsa. Scarlet-crimson. Profuse bloomer. Gardenia. Creamy flowers with rich yellow

centers, borne in small sprays.

Jacotte. Orange-yellow, tinted copper-red; semi-double. \$1.00 each; \$10.00 per doz.

Lady Gay. Shell-pink, somewhat similar to Dorothy Perkins.

Mary Wallace. Semi-double, bright rose-colored flowers, 4 ins. or more across.

Paul's Scarlet Ćlimber. Bright scarlet. Silver Moon. Long, creamy buds open into sprays of gigantic flowers.

Miscellaneous Roses

75 cts. each; \$7.50 per doz. unless otherwise noted

Austrian Copper, An old fashioned rose. Yellow and orangy-copper.

Crested Moss. Deep pink. Mossy crest.

Golden Moss. Rich yellow buds, flowers lighter. \$1.00 each.

Harison's Yellow. Medium-sized flowers. Hugonis. Vigorous. Light yellow flowers. Sky Rocket. An everblooming, brilliant red pillar rose. The plant habit is upright and

pillar rose. The plant habit is upright and the flowers are produced in large clusters. \$1.25 each; \$12.50 per doz.

White Crested Moss. Pure white.

Xanthina. Double yellow flowers on long graceful branches.

Polyantha Roses

75 cts. each; \$7.50 per doz.; \$60.00 per 100 unless otherwise noted

Cecile Brunner. Light pink, yellow base.

Ellen Poulsen. Bright rose-pink.

Georg Elger. Well shaped yellow buds opening into flowers of a lighter shade.

Gloria Mundi. Glowing orange-scarlet.

Golden Salmon. Salmon-orange buds and flowers.

Gruss an Aachen. Light flesh-pink and salmon-yellow.

Ideal. Dark scarlet, shaded with black.

Katherine Zeimet. A fine white bedding rose.

Lafayette. Semi-double crimson blooms.

Orleans Rose. Rosy crimson, white center.

Pink Gruss an Aachen, Considerably more colorful than Gruss an Aachen.

Sunshine. Golden-orange, double flowers in clusters. \$1.00 each; \$10.00 per doz.

Rugosa Hybrids

75 cts. each; \$7.50 per doz.

Conrad F. Meyer. Very large; silvery pink.Dr. Eckener. Semi-double, orange and coppery.

Dr. E. M. Mills. Primrose, shaded pink.

F. J. Grootendorst. Small, fringed, bright red flowers, in large clusters. Free bloomer.

Pink Grootendorst. Clusters of small, fringed, light shell-pink flowers.

Falmouth is the only town on the Cape fully protected by a complete zoning ordinance. The town realizes that the popularity of the Cape depends greatly upon preserving its natural beauty unspoiled.

Let's once more dream of fields, of growing things Those dreams we've dreamed so many other springs.

Œ.	Last Quarter 3rd day	New Moon 10th day First Quarter 17th day Full Moon 25th day
Saturday	1	Arsenate of Lead is one of the best all-around sprays for caterpillars beetles and other leaf eating insects. Mixed with water it should be
Sunday	2	applied when good weather is in prospect. Be careful to reach both sides of the leaves.
Monday	3	Systematic cultivation of the soil surface, especially after showers
Tuesday	4	or watering conserves the moisture around the roots, admits needed air and generally promotes growth. Be careful not to cultivate too
Wednesday	5	deeply however as you might injure the root system. Flowers for the house vases last longer if cut in the early morning
Thursday	6	rather than in the afternoon. Plunge the stems deeply into luke-warm water and let them stand in a shaded place for an hour or two before
Friday	7	arranging them. Tests have proven that aspirin or other chemicals added to the water have no effect on the keeping qualities of cut flowers.
Saturday	8	Aphids attack plants which make a soft succulent growth. Whenever
Sunday	9	they are found these pests should be sprayed with nicotine sulphate. Look for them especially on the terminal growth and the new leaves.
Monday	10	The nicotine is used in a solution of soapy water, made with yellow
Tuesday	11	laundry or whale oil soap. If your garden is the informal type so popular at present you can
Wednesday	12	fill out the vacant spaces very well with potted plants. Use groups of various sized pots for the most telling effects. Geraniums, heliotrope
Thursday	13	fuchsias, and the colored leaved begonias are splendid when used this
Friday	14	way. Plants try to mature seeds. When this is accomplished flowering
Saturday	15	ceases. Remove withered blooms before ripening to extend the season. By so doing you stimulate the plant to complete its life cycle and thereby
Sunday	16	produce more flowers.
Monday	17	Spring flowering shrubs which have ceased flowering should be pruned as soon as possible. The flower buds for next season will form
Tuesday	18	on the new growth which develops between now and next fall. Shrubs which grow vigorously will stand a sharper pruning than those of more
Wednesday	19	restricted growth.
Thursday	20	Peonies will soon be in bloom. Remember when cutting them to leave plenty of foliage stalks on the plants. They are necessary for the
Friday	21	plant's normal growth and for the production of flower buds for another year.
Saturday	22	The Rose Beetle which will soon put in its appearance seems im-
Sunday	23	pervious to any poison that doesn't spot the flowers and foliage. One of the major gardening pleasures is knocking them into a can of kerosene.
Monday	24	You probably use stakes for your taller garden subjects such as Delphinium, Lilies and Hollyhocks. Staking however should not be
Tuesday	25	confined to this type of plant. Coreopsis and many other lower growing
Wednesday	26	varieties are often sprawly and encircling rings are available which give them a neater appearance.
Thursday	27	Climbing vines in their younger stages need your help to train them in the way they should go. Study them every few days for this purpose
Friday	28	before they get out of hand. When tying use raffia or strips of cotton
Saturday	29	cloth carefully leaving plenty of room for the stems to thicken. Top-dress the Roses, Peonies and other sturdy perennials with
Sunday	30	bone-meal. While not as quick acting as some of the newer commercial fertilizers the effect is more sustained. Sturdy well-fed plants are
Monday	31	less likely to fall prey to insects and disease.

An old Cape story relates that a man named Martin had three daughters, Martha, Elizabeth and Nan. As he was getting along in years he decided to divide his property. To Martha he gave his Vineyard, the Islands to Elizabeth, which left only one parcel and Nan tuck it.

CHOICE FLOWERING SHRUBS

Shrubs, in many cases, are the very foundation of the garden, a flowering back-ground for the more vivid annuals and perennials. Among the many new things introduced recently the following varieties seem outstanding for Cape gardens.

Buddleia

Buddleia, Ile de France. A new form of the familiar Butterfly Bush. The long branching stems are covered with violet-purple flowers, each of which has a golden center. Plants grow readily and carry a great number of blooms. One of the finest of the summer-flowering shrubs. 2-yr. plants, 60 cts. each; \$6.00 per doz.

Caryopteris

A small shrub that originally came from eastern Asia. It is perfectly hardy and valued for the blooms which come late in the season. Caryopteris incana, Bluebeard or Blue Spirea. Violet-blue flowers in September and October. Pot-plants, 50 cts. each; \$5.00 per doz.

Cotoneaster

Cotoneasters are almost evergreen, retaining the greater part of the foilage in winter. The charm of the plant lies in the long, graceful branches and the rich green foliage.

Cotoneaster divaricata. Desirable for rock-gardens because of the trailing habit. 2 to 2½ ft. plants B&B, \$1.25 each.

C. horizontalis, Rock Cotoneaster. Trailing habit, with green foliage turning to crimson in autumn. Plants from 6-in. pots, \$1.25 each.

Enkianthus

Enkianthus campanulatus. Yellowish or pale orange flowers in May and June, together with brilliant red foilage in autumn make this one of our handsomest shrubs. 3–4 ft., \$2.50 each; \$25.00 per doz.

Forsythia

Forsythia spectabilis. Bright yellow, free-flowering shrub. 2-3 ft., 60 cts. each; \$6.00 per doz.

Kolkwitzia

Kolkwitzia amabilis, Beauty Bush. Masses of pale pink tubular flowers in early June. One of the best of the recent introductions. 2-3 ft. plants, 75 cts. each; \$7.50 per doz.

Hybrid Lilacs

The old familiar Lilacs of New England do not by any means compare with the newer varieties, whose trusses are much larger and the colors far more beautiful. A collection of Lilacs grows in value each year.

3-4 ft. plants, \$1.00 each

Charles X. Violet-red; single. Midseason. Hugo Koster. Deep red or purple; single. Jan van Tol. White; petals frilled; single. Katherine Havemeyer. Light lilac, flushed with mauve; double.

Ludwig Spaeth. Dark purple; single. Marie Legraye. Yellowish in bud, opening

pure white; single.

Michel Buchner. Pale lilac; double.
Mme. Lemoine. Pure white; double.
Mrs. Edward Harding. Bud carmine, opening to purple, tinged pink; double.

Hybrid Mock Orange

Philadelphus virginal. This is the best of the large flowering Mock Oranges. The fragrant white flowers are borne in May and June with intermittent blooms thereafter. 2-3 ft. plants, 50 cts. each; \$5.00 per doz.

Viburnum

V. carlesi, Fragrant Viburnum. The waxy flowers are like large Mayflower blossoms. Delicious fragrance. 1½-2 ft. plants, \$1.50 each.

Vitex

Vitex macrophylla. A tall-growing shrub with very large foliage. In late summer the plant is prominent with its lavender-blue flowers. Makes a very fine specimen. 3-yr. plants. 75 cts. each; \$7.50 per doz.

Other Choice Plants

Many varieties of plants and ornamentals not listed in this catalogue are grown at our nursery. Some of them are new or rare varieties in which our supply is limited. . . others are only slightly different from those listed. If the material you are looking for is not in the catalog may we suggest that you write us giving full information, or better still visit our growing grounds and select the

things you want. When sizes are given, only those which in our experience are most popular are mentioned. Smaller or larger sizes are likely to be available. It is well to remember that many things which do well in more sheltered country are not adaptable to the Cape Garden. Plants chosen from this list with good care should be successful under our rigorous conditions.

Writing in 1809, the Rev. John Simpkins asserted that more masters and mates in the merchant service came from Brewster than any other Cape town, and adds that three-quarters of the men of that town followed the sea.

OTHER SHRUBS OF UNQUESTIONED MERIT

Many shrubs of our grandmothers' day together with some newer desirables are represented in this list. When planning an old-time Cape Garden it is well to use such varieties as Common Lilacs, Spireas and Viburnums. They capture the flavor of an older generation to perfection.

Azalea arborescens, Tree Azalea. flowers edged with pink. 18-24 in., \$2.50

A. calendulacea, Flame Azalea. orange or scarlet blooms. 18-24 in., \$2.25 each.

A. kaempferi, Very showy. Brilliant orange-red flowers. 15-18 in., \$2.00 each.

A. mollis. Pale salmon-pink to orange-yellow. Slender growth. 15–18 in., \$2.00 each.

A. vaseyi Shell-pink fragrant flowers in mid-

summer. 15-18 in., \$1.75 each.

A. viscosa, Swamp Honeysuckle. Fragrant white flowers. June-July. 2-3 ft. \$2.50 each.

Berberis (see hedge plants Page 18).

Buddleia alternifolia, Wide spreading panicles of purple. 3 yr., 60 cts. each.

B. magnifica. An 8 ft. shrub with delicate

lavender blooms. 2 ft., 50 cts. each; \$5.00 per doz.

Callicarpa japonica. Lavender flowers fol-

lowed with blue fruit. 2-3 ft., 75 cts. each. Calycanthus floridus. Sweet Shrub. Deliciously scented brownish flowers in spring. 2-3 ft., 60 cts. each; \$6.00 per doz.

Cornus alba siberica, Tartarian Dogwood. Creamy white flowers. 3–4 ft., 50 cts. each; \$5.00 per doz.

C. amomum. 4–5 ft., 75 cts. each; \$7.50 per

doz.

C. mas. Cornelian Cherry. Yellow flowers, scarlet fruit. 3-4 ft., \$1.00 each.

C. paniculata. Gray twigs, white flowers followed by white fruits. 2-3 ft., 60 cts. each; \$6.00 per doz.

C. stolonifera flaviramea. Golden-yellow winter twigs. 2-3 ft., 50 cts., each; \$5.00

Clethra alnifolia Sweetpepper Bush. White fragrant flowers in terminal racemes, midsummer. 18-24 in. plants, 60 cts. each; \$6.00 per doz.

Cydonia japonica, Jap Quince. Scarlet flowers in June. 2-3 ft., 75 cts. each; \$7.50

per doz.

Cytisus scoparius, Scotch Broom. Green twiggy stems covered in May and June with masses of clear yellow flowers. Plants from 4-in. pots, 50 cts. each; \$5.00 per doz.

Deutzia gracilis. Graceful shrub with snowwhite flowers. 15–18 in., 50 cts. each;

\$5.00 per doz.

D. gracilis rosea. A pink form of the preceding variety. 18-24 in., 60 cts. each; \$6.00 per doz.

D. lemoinei. Creamy white flowers in dense clusters. 2-3 ft., 60 cts. each; \$6.00 per doz.

D. scabra Pride of Rochester. flowers tinged with lavender. 3-4 ft., 50 cts. each; \$5.00 per doz.

Eleagnus angustifolia, Russian Olive. Yellow flowers, yellow attractive fruit. ft., 75 cts. each; \$7.50 per doz.

E. longipes. Yellowish white flowers followed by scarlet edible fruit. 2-3 ft., \$1.00

Euonymus alatus, Winged Euonymus. An especially beautiful shrub for brilliant crimson color in the fall. 3-4 ft. plants, \$1.00

each; \$10.00 per doz.; \$75.00 per 100. E. europeus, Common Burning Bush. Brilliant Fall foliage. 3-4 ft., 75 cts. each.

Forsythia intermedia, Border Forsythia. Bright golden flowers on a strong growing shrub in April and May. 3-4 ft. plants, 50 cts. each; \$5.00 per doz.

F. suspensa, Weeping Forsythia. Deep yellow flowers. 3-4 ft., 60 cts. each; \$6.00 per doz.

Hamamelis virginiana, Witch Hazel. Yellow flowers in winter. 4-5 ft., 75 cts. each; 5-6 ft., \$1.00 each.

Hibiscus syriacus, Rose of Sharon; Althea. One of the best mid-season flowering shrubs. 3-4 ft. plants of the listed varieties are 75 cts. each; \$7.50 per doz.

Boule de Feu. Double Red.

Coelestis. Single Blue.

Jeanne d'Arc. Double white.

Lady Stanley. Pinkish-white double. Paeoniflora. White, red center, double.

The large well-opened flowers are Rubis. ruby red.

Totus albus. Single white.

Hydrangea arborescens gr. fl. Snow Hills Hydrangea. White flowers in mid-summer. 2-3 ft., 60 cts. each; \$6.00 per doz.

H. paniculata. A somewhat more graceful form of the Common Hydrangea. 2–3 ft.,

60 cts. each.

H. paniculata grandiflora, Common Hy-White flowers turning brown in Fall. 2-3 ft., 60 cts. each.

Hypericum aureum. A yellow-flowered upright shrub. 18-24 in. plants, 50 cts. each; \$5.00 per doz.

Ilex verticillata. Winterberry. Snow-white flowers followed by red berries persistent all winter. 2-3 ft. plants, 60 cts. each; \$6.00 per doz.

In 1717 there was a proposal to build a high board fence across the Cape between Sandwich and Wareham — "to keep the wolves from coming into the country." When the bill came up for consideration it died because of the involved expense.

Ligustrum amurense, Amur Privet. Hardy hedging plant. 3-4 ft., 30 cts. each; \$3.00

L. ibota. A hardy hedging for exposed places.

2-3 ft., 40 cts. each; \$4.00 per doz.

L. regelianum. An improved form of the foregoing variety. 2-3 ft., 50 cts. each; \$5.00 per doz.

(See also Hedge plants Page 18).

Lonicera maacki. Spreading shrub. Dark red fruit. 3-4 ft., 75 cts. each.

L. morrowi, Morrow's Honeysuckle. Pink

and white flowers in May and June. 3-4 ft. plants, 60 cts. each; \$6.00 per doz.

L. tatarica, Tatarian Honeysuckle. Pink or crimson flowers followed by red fruits. 3-4

ft. plants, 75 cts. each.

- L. tatarica alba, White Tatarian Honeysuckle. Similar to the above variety with white flowers. 3-4 ft. plants, 60 cts. each; \$6.00 per doz.
- Myrica carolinensis, Bayberry. Fragrant summer foliage. Grayish-white berries in the fall and winter. 12-18 in. 60 cts. each; \$6.00 per doz.; \$45.00 per 100.
- Philadelphus coronarius, Mock Orange. A tall shrub with intensely fragrant blooms in May and June. 3–4 ft. plants, 50 cts. each; \$5.00 per doz.

P. lemoinei avalanche, A semi-double variety. Very fragrant. 2-3 ft., 50 cts.

each; \$5.00 per doz.

Physocarpus opulifolius. Common Ninebark. Small white flowers, June. 4-5 ft., 60 cts. each.

Prunus glandulosa rosea, Pink Flowering Almond. The slender stalks are covered with masses of pink flowers in May. 2–3 ft. plants \$1.00 each.

P. maritima, Beach Plum. Grows rapidly in poor sandy soil. Good for sea-wind exposure; white flowers, edible fruit; makes fine jelly. 2–3 ft. plants, 60 cts. each; \$6.00 per doz.

triloba, Flowering Plum. Double pink flowers in May. 3–4 ft. plants, \$1.00 each.

Rhamnus frangula, Glossy Buckthorn. Oval leaves. Black berries. 4–5 ft., 75 cts. each.

Rhodotypos kerrioides, White Kerria. good shrub for the difficult place. 2-3 ft., 60 cts. each \$6.00 per doz.

Rhus canadensis, Fragrant Sumac. Dwarf shrub with aromatic foliage. 2-3 ft., 60

cts. each.

R. cotinus, Common Smoke Tree. Produces masses of feathery smoke-like blossoms in June. 3-4 ft. plants, \$1.00 each.

Rosa Hugonis. A yellow shrub rose with delicate foliage. 3 years old 75 cts, each;

\$7.50 doz.

R. lucida, Virginia Rose. A dwarf form adaptable for border plantings. Shiny foliage, bright pink flowers. 50 cts. each; \$5.00 per doz.

R. multiflora japonica. Single white flowers in graceful sprays. 2–3 ft., 50 cts.

each; \$5.00 per doz.

R. rugosa, Rugosa Rose. Large single reddish purple flowers are produced on a vigorous shrub. Grows well in dry, sandy locations. $1\frac{1}{2}$ -2 ft. plants, 50 cts. each; \$5.00 per doz.

R. rugosa alba. White flowers. Splendid for sea-side gardens. 3-yr., 75 cts. each;

\$7.50 per doz.

R. setigera, Prairie Rose. Large bright pink to rose colored flowers. 2-3 ft. plants, 50 cts. each; \$5.00 per doz.

Spiraea bumalda, Anthony Waterer. Crimson flowers from June to October. A nice hedge or low border. 15–18 in. plants, 50 cts. each; \$5.00 per doz.

S. japonica ovalifolia. White flowers and small oval foliage. 50 cts each; \$5.00 per

S. trichocarpa. A handsome shrub reaching a height of eight feet, with bluish green foliage and pure white flowers. plants, 60 cts. each; \$6.00 per doz.

S. Van Houttei, Vanhoutte's Spirea. One of the most graceful Spireas. 3-4 ft. plants,

50 cts. each; \$5.00 per doz.

Symphoricarpos racemosus, Snowberry. The white fruits are very conspicuous in the fall and early winter. Pink flowers in June.

2-3 ft. plants, 50 cts. each; \$5.00 per doz. Syringa josikaea, Hungarian Lilac. Pale violet flowers in decorative panicles. June-July. Valuable on the Cape for its lateness.

2-3 ft. plants, 60 cts. each; \$6.00 per doz. S. vulgaris, Common Lilac. The best known species. A traditional New England flower. Lilac blue to purple flowers in late May. 2-3 ft. plants, 50 cts. each; \$5.00 per doz. 3-4 ft. plants, 75 cts. each; \$7.50 per doz.

S. vulgaris alba, Common White Lilac. A tall growing white variety of the common Lilac. 2-3 ft. plants, 60 cts. each; \$6.00 per doz.

Syringa persica, Persian Lilac. A graceful shrub with lavender flowers. 2-3 ft., 60 cts. each; \$6.00 per doz.

villosa. Tree-like shrub with small panicles of lavender flowers. 2-3 ft., 60 cts.

each; \$6.00 per doz.

Vaccinium corymbosum, Blueberry. White flowers followed by blue edible berries. 2-3 ft., \$1.50 each.

Viburnum acerifolium, Maple leaved Vi-

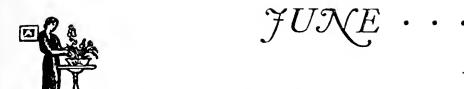

burnum. 2–3 ft., 60 cts. each.

V. americanum, American Cranberry Bush. A neat decorative shrub with white flowers followed by brilliant red berries which stay on all winter. 3-4 ft. plants, 60 cts. each; \$6.00 per doz.

See page 14. V. carlesi,

V. cassinoides, Witherod. Has white flowers but its chief decorative feature is the pinktoned berries which later become blue. 2–3 ft. plants, 60 cts. each; \$6.00 per doz.

[&]quot;The Wanderer" built at Mattapoisett in 1878 was the last square-rigged whaleship to leave New Bedford on a whaling voyage. This was the boat used in the motion picture, "Down to the Sea in Ships."

A rose bends low — so near the sod; It kneels I'm sure to pray to God.

Last Quarter 2nd day

New Moon 3 First Quarter 23rd day

Mew Moon 8th day

First Quarter 23rd day

Full Moon 23rd day

The standard of the newer annuals. Rugged young plants which have been carefully hardened are available at our green-houses.

Tree and shrubs which were set this spring need an abundance of water to encourage the formation of new roots. Continue the watering at intervals throughout the summer whenever a prolonged dry spell threatens.

1937

If the fruit trees are carrying an abundant crop it is wise to thin them out. The same bulk of fruit of a vastly superior quality will result. In most cases such thinning will do away with the necessity of supports for the limbs.

The Strawberry bed should have a good application of strong liquid food before applying the protective mulch. This will give the plants an extra push to produce large fine flavored fruit. Straw or Pine needles make the best mulches. Never use common hay as this type of protection is too full of the seeds of 'a number of things'.

When your Sweet Alyssum becomes straggling 'bob' it about one inch from the ground. It will soon produce new flowering stalks and the second crop of flowers will be even thicker than the first.

Japanese Anemonaes in Pink and White are very lovely against the dark green of Arborvitaes or Cypress. They are equally good in a cool blue vase in a sunny window, if you are not acquainted we'd be pleased to show them to you at the nursery.

Trim your hedges now to stimulate the under growth which makes them dense. If you have a long hedge, one that takes an eternity to trim you will be interested in the new electrical clippers which run from the house current. They will do a truly splendid job on both the top and sides in half the time.

Have you ever used your camera as an aid to gardening? Snapshots taken at various angles will often show up weak spots in the garden composition that are only sensed as you study the garden itself. Try taking some for study this winter. Use panchromatic film to get the true color values of your flowers.

It is sound practice to pinch the tips of bedding plants frequently. This makes them more bushy and compact as well as stimulating freer flowering.

Many plants are still available for planting in your garden. Potted Roses already in full growth will give you flowers in an unbelievably short time. Potted foliage plants are also splendid fill-ins.

With the advent of hot weather, weeds take on a new lease of life. Cultivate your garden regularly and as early in the morning as possible, the hot mid-day sun will do the rest.

If the plants in the window boxes are becoming leggy withhold water for a few days and trim them back. When the soil is nearly dry for an inch or more from the surface give a generous application of water followed by a goodly quantity of liquid manure.

Old English Boxwood

We have on hand some extra fine large specimens. Sizes and prices on application.

In 1749 Truro with the cooperation of the towns of Wellfleet, Provincetown and Eastham with a money outlay of only eight dollars for nails, built the first Cape church.

Calluna—Heather

Familiar to everyone as the Scotch Heather. The plants thrive lustily in New England.

6 to 8-in. plants, 50 cts, each; \$5.00 per

doz.; \$40.00 per 100, except as noted.

Calluna vulgaris. The true Scotch Heather with bell-shaped rosy lavender flowers.

C. vulgaris alba. White flowers, which make a pleasing contrast with the lavender variety.

C. vulgaris alba elata. A tall variety of

Heath with white flowers.

C. vulgaris aurea. Distinguished by golden foliage in summer. Flowers pink.

C. vulgaris hammondi. A new pure white

variety which is free flowering.

C. vulgaris nana. A dwarf variety seldom more than 1 ft. high. 6-in. plants. 60 cts. each; \$6.00 per doz.; \$45.00 per 100.

C. vulgaris rubra elata. Grows from 1½ to

2 ft. tall. Red flowers.

Chamaecyparis — Cypress

In this family of evergreens we can supply the most important varieties and those particularly adapted to landscape use on the Cape and in eastern Massachusetts. These include Hinoki Cypress, the Plume and Golden Plume varieties, as well as specimens of Moss and Gold Thread. $1\frac{1}{2}$ to 2-ft. plants, \$1.50 each; 2 to 3-ft. plants, \$2.00 each; 3 to 4-ft. plants, \$3.00 each.

Daphne — Garland Flower

Daphne cneorum. A low growing evergreen which blooms almost continuously from May to frost. The pink flower clusters are delicately scented. 9-12 in., \$1.00 each; \$10.00 per doz.

Ilex — Holly

Ilex opaca, American Holly. The familiar Christmas Green. All our plants are nursery grown.

	Lacn
1½-2 ft	\$2.00
$2-\overline{3}$ ft	3.00
3–4 ft	4.00

Juniperus — Juniper

Juniperus chinensis pfitzeriana. A broadly spreading variety with silvery green foliage. It is extremely useful in foundation work and adds a distinctive tone to a landscape plan . $1\frac{1}{2}$ to 2-ft. plants, \$2.00 each; 2 to 3-ft. plants, \$3.50 each; 3 to 4-ft. plants, \$5.00 each.

- J. communis depressa. Seldom over 1½ ft. high with broadly spreading branches. Hardy and desirable in rock-gardens and similar places. 1½ to 2-ft. plants, \$1.50 each; 2 to 3-ft. plants, \$2.50 each.
- J. excelsa stricta. Spiny Greek Juniper. Grows in a pyramidal form and may attain a height of 50 ft. or more. A native of southern Europe. 15 to 18-in. plants, \$1.50 each; $1\frac{1}{2}$ to 2-ft. plants, \$2.25 each.
- J. squamata meyeri. Meyer's Juniper. Desirable for single specimens and for use against a dark green background. In certain lights the foliage appears green, in others it has a bluish tinge, and at other times of the day has a reddish cast. 1½ to 2-ft. plants, \$2.50 each.
- J. virginiana, Red Cedar. Native to the entire eastern United States. An upright and stately tree which will add character to the landscape. 3 to 4-ft. plants, \$3.50 each. For larger specimens, prices will be quoted.

Kalmia — Mountain Laurel

Kalmia latifolia, Mountain Laurel. $1\frac{1}{2}$ -2 ft., \$2.25 each; 2-3 ft., \$3.00 each.

Leucothoe

Leucothoe Catesbei. Graceful spreading branches with deep green foliage. Each \$1.50 15–18 in.....

Mahonia

Mahonia aquifolia, Holly-leaved Mahonia. $1\frac{1}{2}$ -2 ft., \$1.50 each.

Picea — Spruce

White Spruce. Picea canadensis alba. A very pleasing evergreen of pyramidal habit and with light green foliage, sometimes with a bluish cast. 2 to 3-ft. plants, \$2.00 each; 3 to 4-ft. plants, \$2.50 each; 4 to 5-ft. plants, \$3.25 each.

P. excelsa, Norway Spruce. A rapid-growing evergreen which is attractive as a lawn specimen and useful for windbreaks. 1½ to 2-ft. plants, \$1.00 each; 2 to 3-ft. plants, \$1.50 each; 3 to 4-ft. plants, \$2.00 each.

P. pungens, Colorado Spruce. Foliage steelblue, appearing to best advantage when in contrast with other evergreens. It grows well in nearly all sections of New England.

well in nearly all sections of New England. 15 to 18-in. plants, \$1.00 each; 1½ to 2-ft. plants, \$1.50 each; 2 to 3-ft. plants, \$2.50 each; 3 to 4-ft. plants, \$3.50 each.

On New Years day in 1888 a rush order came to the Sandwich glass-works for parlor lamps. When the union ordered a strike the proprietor said, — "If the fires go out they will never be rekindled." He kept his word.

Pieris — Andromeda

Pieris floribunda, Mountain Andromeda. 15-18 in., \$2.00 each.

Pinus — Pine

Pinus montana mughus, Mugho Pine. A low-growing spreading evergreen. The old foliage is dark green while the new growth is much lighter, giving the tree the appearance of carrying white candles on the tips of the branches. 15 to 18-in plants, \$1.50 each; 1½ to 2-ft. plants, \$2.00 each.

In our fields we have large quantities of Pines, including the Austrian, the Red, Japanese Red and Japanese Black. White and Scotch varieties, These are in various sizes and on all of them we can quote most attractive prices.

Those pines which are especially adapted to seashore plantings, Pinus nigra, Pinus sylvestris and Pinus thunbergi are always

available.

Rhododendrons

Rhododendrons are at home in all parts of New England and are at their best when grown in large groups.

- Rhododendron carolinianum, Carolina Rhododendron. Rose-pink. May and June. 1½ to 2-ft. plants, \$2.50 each; \$25.00 per doz.
- R. catawbiense. Catawba Rhododendron. Shades of light pink. 1½ to 2-ft. plants, \$2.50 each; \$25.00 per doz.

R. Hybrids. Seedlings in mixed colors.

	Each	\mathbf{Doz} .
15–18 in	\$2.00	\$21.00
18-24 in		

R. maximum, Rosebay R. One of our best native shrubs for large masses and for naturalizing in woodlands. Large clusters of pure white flowers, gradually shade to delicate pink.

1½-2 ft. \$2.00 \$21.00 \$2-3 ft. \$2.50 \$27.00 \$3-4 ft. \$4.00 \$42.00

Note: We shall gladly quote special prices in carload and truck lots of assorted sizes in Rhododendrons.

Taxus — Yew

- Taxus cuspidata, The Spreading Japanese Yew. An evergreen that is unsurpassed for massing, for specimens, or for use as a hedge-plant. Upright in growth with dark green foliage. 15–18-in. plants, \$2.00 each; 1½-2-ft. plants, \$3.00 each.
- T. cuspidata capitata, Upright Japanese Yew. A very hardy variety with dark green foliage. Grows well in full sun or in shade. 1½-2-ft. plants, \$1.50 each.
- T. cuspidata nana, Dwarf Japanese Yew. One of the smallest of the family and well adapted to planting in rock-gardens. 15 to 18-in. plants, \$2.50 each; 1½ to 2-ft. plants, \$4.00 each.

Thuja — Arborvitae

These evergreens are desirable as specimens on the lawn, for planting in groups, and for hedges. In addition to the varieties here named we have the popular Globe type, the Golden-foliaged form and specimens of the Tom Thumb Arborvitae. On all of these we shall be happy to quote special prices.

- Thuja occidentalis pyramidalis, Pyramidal Arborvitae. Excellent for formal plantings because of the upright habit. 2 to 3-ft. plants, \$1.50 each; 3 to 4-ft. plants, \$2.00 each.
- T. occidentalis globosa, Globe Arborvitae. A low-growing, rounded form used at foundations and at curves in walks and drives, 15 to 18-in. plants, \$1.50 each; 1½ to 2-ft. plants, \$2.00 each; 2 to 3-ft. plants, \$3.00 each
- T. occidentalis wareana, Siberian Arborvitae. A pyramidal form seldom growing more than 35 ft. high. 15 to 18-in. plants, \$1.00 each; 1½ to 2-ft. plants, \$1.75 each.

Many other kinds of desirable Evergreens are to be found in our growing grounds, and we shall be pleased to quote on any varieties and sizes you may be interested in.

What Our "Landscape Service" means —

Three vital factors are most important in attaining success with any plantings:

- 1. The soil must be thoroughly and properly prepared.
- 2. Plant materials must be healthy, and appropriately selected for future appearance, size, form, and ability to withstand exposure.
- 3. There must be reasonably thoughtful after-care.

Our Landscape Department is maintained for the definite purpose of providing these and any other services which may be needed to produce satisfactory results on any property, large or small.

Deacon John Doane of Barnstable who lived to be one hundred and ten years old was rocked to sleep in a cradle for the last ten years of his life.

HARDY VINES AND GROUND COVERS

Actinidia arguta. The white flowers with purplish centers cover the plant at bloom-

ing-time. 3-yr. plants, \$1.00 each.

Ampelopsis heterophylla. Valuable for covering trellises and rocks. 3-yr. plants, 60

cts. each; \$6.00 per doz.

A. quinquefolia, Virginia Creeper. Green foliage changing to scarlet in the fall. 3-yr.

plants, 50 cts. each; \$5.00 per doz.

A. tricuspidata, Boston Ivy. Will quickly cover trellises or walls. Brilliant autumn foliage. 3-yr. plants, 50 cts. each; \$5.00 per

Arctostaphylos uva-ursi, Bearberry. Snowwhite flowers, followed by brilliant red fruits, from 2½ in. pots, 3-yr. plants, 50 cts. each; \$5.00 per doz.; \$35.00 per 100.

Aristolochia sipho, Dutchman's Pipe. Large, round leaves. Flowers brownish, and resemble a pipe. 4-yr. plants, \$1.00 each.

Bignonia radicans. Brilliant orange-scarlet flowers in July and August. Green foliage, turning crimson in autumn, from 6-in. Pots. 60 cts. each; \$6.00 per doz.

B. radicans grandiflora, Chinese Trumpet Vine. Orange-red, 6-in. Pots, \$1.00 each. Celastrus scandens. Yellow flowers, fol-

lowed by orange-colored pods which split open and disclose scarlet seeds. 3-yr. plants, 50 cts. each; \$5.00 per doz.

Clematis henryi. Creamy white flowers. Pot-grown plants, \$1.00 each.

C. jackmani. Velvety purple flowers. Potgrown plants, \$1.00 each.

C. Ramona. New. Light blue flowers. Pot-

grown plants, \$1.00 each. C. paniculata, Virgin's Bower. Covered with

small white flowers in late summer. Pot-

grown plants, 60 cts. each; \$6.00 per doz. **Euonymus radicans.** A trailing vine with dark green, white-veined leaves. Clings to rough surfaces. 3-yr. plants, 50 cts. each; \$5.00 per doz.; \$40.00 per 100.

E. radicans carrierei, Glossy foliage. 3-yr. plants, 50 cts. each; \$5.00 per doz.

E. minimus. A dwarf variety, from 4-in. Pots, 60 cts. each; \$6.00 per doz.

E. radicans vegetus. Round leaves. Small flowers followed by red fruits. A groundcover, clings to rough surfaces. 3-yr. plants, 50 cts. each; \$5.00 per doz.; \$40.00 per 100.

Hedera helix, English Ivy. Perfectly hardy in New England. Plants from 3-in. pots, 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Hydrangea petiolaris. Climbing Hydrangea. 4-in. pots, 4 yrs. old, \$1.00 each.

Lonicera halliana, Hall's Japanese Honeysuckle. Opening flowers are white, but soon turn to buff. June to late fall. Field-grown, 50 cts. each; \$5.00 per doz.; \$35.00 per 100. Pot plants, 60 cts. each; \$6.00 per doz.

L. sempervirens, Trumpet Honeysuckle. Brilliant red flowers, scarlet fruits. Potgrown plants, 60 cts. each; \$6.00 per doz.

Mitchella repens. An evergreen trailing plant with brilliant red berries in autumn. Desirable for rock-gardens. 30 cts. each; \$3.00 per doz.

Pachysandra terminalis. Desirable for growing under shrubs and trees. Greenish white flowers in May and June. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Polygonum auberti. Often grows 25 feet in one season. A mass of snowy white flowers during the entire summer and fall. Potgrown plants, \$1.00 each.

Wisteria sinensis, Chinese Wisteria. Long clusters of light-blue flowers in early summer. 3-yr. blooming plants, 75 cts. each; extra-heavy, 7-yr. plants, \$3.00 each.

W. sinensis alba. Similar to above with white flowers. 3-yr. plants, \$1.00 each.

ANNUALS AND BEDDING PLANTS

We grow a very complete list of Annuals and Bedding Plants, which includes these popular varieties: Ageratum, Alyssum, Antirrhinum, Asters, Begonias, bedding and tuberous-rooted, Calendula, Coleus, Cosmos, Cynoglossum, Carnation, Dianthus, Dimorphotheca, Diplacus, Fuchsia, Gaillardia, Geraniums, Heliotrope, Ivy, English and Summer, Lantana, Lemon Verbena, Lobelia, Marigold, Marguerite, Mesembryanthenium, Morning Glory, Nierembergia, Petunia, Salvia, Salpiglossis, Scabiosa, Stock, Tuberoses, Vinca and Zinnia.

Wellfleet was the home of Capt. Lorenzo Baker introducer of the banana to the American home. He founded the Boston Fruit Co., which afterwards became the United Fruit Co.

A Complete Horticultural Service

Established fifty-one years ago, in 1886, the H. V. Lawrence business has gradually and steadily grown to a position of leadership in this section of the state in supplying every horticultural need from a packet of flower seed to the designing and development of a complete estate. Five services are combined:

- The Cape Cod Nurseries, where we grow large quantities of hardy trees, shrubs, evergreens, rose and hardy perennials, both old favorites and newer introductions.
- Landscape Construction, providing labor and materials for plantings for all purposes, gardens small and large, grading, lawns, terraces, driveways, tennis courts, and similar improvements of the grounds, together with maintenance such as pruning, spraving, mowing, mulching, etc.
- Landscape Designing with plans, if needed, prepared by men trained and experienced in good landscape architecture.
- The Flower Shop and Greenhouses, offering quality and modern distinctiveness in flowers, plants, and decorations, as well as annual plants in great assortment for continuous bloom in the summer garden.
- The Garden Supply Shop with flower, vegetable and grass seeds; fertilizers and insecticides for every need, and all useful tools and gardening requisites.

For fifty-one years our standard has been first quality materials and work-manship, at reasonable prices. This policy has made and kept hundreds of customer-friends. We stand by it now and for the future.

Lawrence's in Falmouth — The Cape Cod Nurseries — are ready and anxious to help you with any of your horticultural needs.

Our offices and shops are on Depot Avenue, near the Falmouth railroad station. Our main nurseries are conveniently near by. Our telephone is Falmouth 126.

H. V. LAWRENCE, Falmouth, Massachusetts.
